DBT-SPONSORED POPULAR LECTURE ON 'THE EVOLVING LANDSCAPE OF RESEARCH METHODOLOGY

National Science Day is celebrated in India on February 28th each year to honor the discovery of the Raman Effect by physicist Sir C. V. Raman in 1928. He won the Nobel Prize in Physics for this discovery. The day features various events to promote science and ignite young minds to ask questions, apply reasoning, and pursue research.

Guest of honour Prof (Dr) Dinanath Pandit with Vidwan ID score 9.7 is a noted academician, scientist and author of many books including research methodologies. He is affiliated to the Department of Zoology, VKSU-Ara.
